INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Americans for Effective Law Enforcement, Inc. Park Ridge, Illinois

We have audited the accompanying statements of financial position of Americans For Effective Law Enforcement, Inc. (a not-for-profit organization) as of December 31, 2009 and 2008, and the related statements of activities, changes in net assets, and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Americans for Effective Law Enforcement, Inc. as of December 31, 2009 and 2008, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE A -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Organization maintains a national legal research center to assist law enforcement agencies. They provide legal publications and workshops as well as filing amicus curiae briefs in the United States Supreme Court and other major courts in support of the law enforcement issues.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers short-term investments, such as money-market accounts, certificates of deposit and other highly liquid assets as cash equivalents.

Accounts Receivable

The Organization considers accounts receivable to be fully collectible. Accordingly, no allowance for doubtful accounts has been established. If accounts become uncollectible, they are charged to operations when that determination is made.

Investments

Investments in marketable securities with readily determinable fair values reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

Property and Equipment

The cost of property and equipment is being depreciated using the straight-line method over the estimated useful lives of the assets as follows:

Building and improvements 5–40 years Furniture and equipment 3–7 years

Depreciation expense amounted to \$15,140 and \$16,528 for the years ended December 31, 2009 and 2008, respectively.
